**22.2.1** The IBOD alone is authorized to establish districts. Thereafter, a final proposal shall be mailed to all the members of such proposed new district with the time and place set for decision by each individual lodge. The total vote is afterwards tabulated by the district secretary and will require a two-thirds majority of all votes cast to be effective.

**22.2.2** When such report is sent to the district secretary, each lodge must have such action attested by the president and secretary of the local lodge. The district secretary shall then forward such applications to SON headquarters at least three (3) months prior to a regular IBOD meeting, and the international secretary shall then publish the same in the official magazine of SON.

#### 22.3 Redistricting procedures

**22.3.1** In order to initiate proceedings to divide a district, a general proposal, including the pros and cons, shall be prepared by the petitioners for such division which includes a description of the geographic area and identifies all the local lodges which are to be included in the proposed new district. A majority of two thirds of the affected local

lodge boards must approve the general proposal before the local lodges consider a formal proposal to divide in the listing below. After securing the required approval as set forth above, proponents of the district division shall develop a final proposal setting forth the terms and conditions of the division which shall include, but not necessarily be limited to, the following:

- a) Proposed date that the division would become effective and specific identification of the lodges to be included in the new district.
- b) Proposed division of district lodge's assets and liabilities, including disposition of any real estate, which may be owned by the district, or subsidiary thereof.
- c) An explanation of the reasons that the proposal is in the best interest of SON.
- d) Projected income budget for the new district.
- e) Projected expense budget, including a reasonable allocation for expenses of the proposed district, including board meeting, officer travel, training seminars and programs.

**22.3.2** The district lodge officers shall ensure adherence to the *SON* CB/PP and ensure that all members voting on the final proposal receive accurate information and full disclosure. Further, such information shall include a recommendation from the district board. All members of SON who belong to local lodges located within such proposed new district must be sent the proposal by first class mail and notice of the time and place set for the vote on such proposal by his or her local lodge. The district officers shall coordinate the voting within each local lodge so that each local lodge votes on the question in a reasonable timeframe. The voting within each lodge shall be on ballot forms that are identical for each local lodge.

**22.3.3** The local lodge president and secretary shall collect the ballots, attest to the vote, and adherence to required procedures. The result of the vote shall be forwarded to the district secretary who shall tabulate the results of the vote. For the proposal to pass, it is required that it receives a two-thirds majority of all votes cast. If the proposal attains a two-thirds majority vote, the district secretary shall then forward the proposal to the SON headquarters at least three months prior to a regular IBOD meeting. Upon IBOD approval, notice of the vote and the resultant new district(s) shall be published in the official magazine of the society.
