Meals at Camp Oldfjell: Come Hungry!

From Friday dinner through Wednesday breakfast, you'll be treated to meals that are as memorable as the classes themselves—thanks to our incredible camp chef, Kirby Aasen.

Kirby has been with Camp Oldfjell since its beginning in 2019 and has long been part of the culinary heartbeat of Sons of Norway's camps, including Camp Trollfjell and Folkehøgskule, dating back to 2016. With years of experience and a deep understanding of our community's tastes, he brings both heart and skill to every dish.

Expect comforting and satisfying meals, often with a Norwegian flair—especially at dinner. Kirby even bakes fresh bread on site and often brings pears from a neighbor's orchard to add a local, seasonal touch to the menu. On Saturday and Sunday, the Norwegian Baking class steps in to contribute dessert—giving everyone a delicious taste of what's coming out of the kitchen classroom.

Our mealtimes are about more than just eating—they're a time to connect, unwind, and celebrate the day together. And when it's time to tidy up, we do it the Camp Oldfjell way: everyone pitches in. We use a sign-up sheet so that clean-up duties are shared and no one misses out on the fun for long.

Whether it's a hearty breakfast, a cozy lunch, or a flavor-packed dinner, one thing is for

Together, we'll prepare wool yarns to accept and retain these plant-based dyes, many of which are still in use by natural dyers today. Each participant will dye small skeins of yarn, with enough to knit a hat or pair of socks after camp. All materials—including yarn, dyes, mordants, and utensils—will be provided. Just bring your curiosity, an apron, and a pair of rubber gloves!

Afterward, we will clean, sort and soak the collected needles in preparation of coiling and stitching the pine needles into a basket shape of your preferred design (round or oval, with tapered or straight edges). This class is mostly hands-on work which requires a good dose of both dexterity and patience. Come join us in making a fun, useful and lasting conversation piece for your home..

WINE AND PAINTING

Schedule: 3 sessions | Sat | Sun | Mon | 1:30-3:00 | Heritage Hall East

Materials Fee: \$40 per person includes supplies, drinks and snacks.

Class size: Open to all

Peterson is joining us to celebrate her works on display—and to have a little fun making art with YOU. Pop over, and we'll put a brush in one hand and a glass of wine in the other (just to get those creative juices flowing...).

This year, we're offering three different Wine & Painting sessions—and each student should be able to complete their "Norwegian Dusk" masterpiece in just one session.

All materials are included in the registration—including wine. You'll leave awakened, inspired, and holding a frame-worthy painting (or an unforgettable gift!).

Color palettes may vary slightly from what is pictured in the catalog.

Please note: Only non-alcoholic beverages will be served to participants under 21.

VIKING COSTUME WORKSHOP

Instructor: Kathryn Whitesel

Schedule: Sat-Tue | 8:30-10:00 | Social Hall

Materials Fee: \$50

Class size: Maximum: 6, 8 if requested

Resources: Early Sweden's [VIDEO Daisy Viktoria](#), [Early Sweden](#), and [Grimfrost](#) of Sweden's [Gathered Smokkr](#)

Overview: Step into the 9th and 10th centuries—and get a head start on next year's District Convention—with this hands-on workshop in Viking-inspired clothing. You'll draft a custom pattern using historically informed techniques (adapted for modern fabrics), then sew a Viking apron dress, underdress, or men's tunic, tailored to your fit and preferences.

We also offer a simple pattern for Viking-style trousers, plus wide-format paper so you can take your custom pattern home for future projects.

No previous sewing experience is needed—just a willingness to learn and create. If you have a **portable sewing machine**, we encourage you to bring it along!

More About the Viking Costume Workshop

About the Materials Fee: Think of it as your admission pass to my personal *Dragon's Hoard*.

With JoAnn Fabrics being liquidated, my once-reliable source of fabric has become unpredictable. So I've done what any determined Viking would do—I raided what I could in advance! I've stocked up on the classic deep blue and wine red colors we've used in previous years. I also have a sturdy white linen-blend that I plan to dye a rich medium purple—an homage to the lichen-derived dyes of the Viking era (except I'll be using RIT... I like to think of myself as Van Gogh with a few packets of dye). There's even a bold Key Lime green, historically accurate thanks to a Scandinavian wildflower that produces a similar shade.

All fabrics will be pre-washed to handle shrinkage before we measure and cut.

As the nearby store shifts to a factory outlet, I'll continue hunting for suitable trims. I haven't found the exact one we used in past years, but I'll bring what's left. If you're still working on *Tablet Weaving* from Bruce Fihe's class, let's collaborate—your finished trim deserves the perfect garment to shine on!

Color Choices: I'll also bring extra fabric in greens, browns, and rich reds—perfect for cloaks or accessories to enhance your existing outfits. Plus: tons of thread, tools, and anything else I can fit in the car.

Color selection will be on a first come first served basis. Contact me at saxonytarn@aol.com to reserve the color of your choice. Please mention **Camp Oldfjell** and your *color choice* in the subject line.

About the Workshop Format: We'll meet for four sessions, with additional “study hall” time as needed. The goal? To complete at least one garment and show it off in our Viking Fashion Show on **Tuesday evening!**

Returning students who want to expand their wardrobes are more than welcome, and I especially encourage experienced sewists to help mentor newer participants. This isn't a lecture—it's a hands-on, collaborative workshop. We all have something to teach and learn from each other.

Questions? Want to know more about fabrics, trims, or the chance of a spontaneous jewelry-making session? Email me at saxonytarn@aol.com. Please mention **Camp Oldfjell** and your topic in the subject line.

WOOL APPLIQUÉ/PENNY RUGS

Instructor: Judy Immel

Schedule: Sat-Tue | 10:15-12:00 | Heritage Hall East

Materials Fee: \$8

Class Size: Maximum 10

Overview: Explore the colorful and cozy art of wool appliqué in this creative, hands-on class. Students will learn the fundamentals of working with felted wool, including cutting shapes, layering fabrics, and applying simple embroidery stitches to add texture and detail. Using traditional and contemporary techniques, you'll create a unique, hand-stitched piece to take home. This class is perfect for beginners and experienced stitchers alike—no prior sewing experience required. Students will need to bring sewing scissors & straight pins. *Note: The project shown is an example. The final project is still being selected, and the course catalog will be updated once it is confirmed.*

Vesterheim's Cultural Connections: Norwegian Bandweaving

Leader: Heather Torgenrud

Schedule: Sunday | 12:00-1:00 | Heritage Hall via Zoom

Overview: Join us for the second webinar in Vesterheim's series of cross-cultural webinars exploring bandweaving from multiple cultural perspectives.

The cross-cultural series webinars foster perspective about the way Norwegian and Scandinavian handcrafts are part of a global community. We are excited about these programs and hope they create a forum for discussion around cultural practice and offer a platform for cultural exchange. The connections we make will help spread awareness of the folk art traditions we explore at Vesterheim. Join us as we learn together!

VIKING TURNSHOE

Instructor: Judy Purrington

Schedule: Sat-Tue | 10:15-12:00 | Social Hall

Materials Fee: \$40

Class Size: Maximum 8

Overview: Here's your chance to add authentic Viking footwear to your festival or reenactment outfit! In this class, you'll create a pair of Viking Turnshoes, crafted in much the same way they were made between the 800s and 1100s.

Your materials fee covers a complete kit—including leather and the essential tools needed to make your shoes. Additional tools and supplies will also be available for shared use. Most students will complete their shoes during class time, with optional access to Open Lab if extra time is needed. No special skills or prior experience are required—just a willingness to learn and get hands-on with history!

OPEN LAB

Open Lab is a relaxed, creative space where students can continue working on their current class projects with support from experienced campers and your instructors. Whether you're looking for a little extra guidance or simply want more time to work on your project, Open Lab provides a welcoming environment to do just that.

Participants are also encouraged to bring along unfinished projects from home or from previous years. It's not uncommon for these revisited pieces to spark new ideas, and encourage shared problem-solving. Leave It Better Than You Found It

Camp Norge is a beloved, member-run property—kept going by the care and respect of those who use it. We don't have maids or cleaning crews, so we count on you to help keep it beautiful for the next guest. Before you head home, please take a few minutes to tidy up your space. It's a small gesture that makes a big difference.

Here's what we ask:

- 🗑 Empty the trash
- 🗑 Sweep the floor (brooms are in every room or hallway; ask staff if you need a vacuum)
- 🗑 Tidy up the space
- 🗑 Please don't leave food behind

Thanks for doing your part to keep Camp Norge warm, welcoming, and wonderful!
